

Big School

Today was the day that I started this school,
we sat in the Hall and got told all the rules.

The next day was better,
even though it was wetter.

I went to my classes,
in sports did some passes.

All lunchtimes are great,
all the food that I ate
gave me energy for ~~the~~ burning,
to keep my brain learning.

Now I am settled in.
I am ready to begin ~~my~~
my journey till the end of the year.
